

December 2010 Meeting Minutes

This month's meeting was held December 11th indoors at the Eastfield College Building C. There were 5 members in attendance. The meeting moved from the flying site to the campus building because of the wind conditions that morning.

Ralph Snow reported \$3648.46 in the club treasury as of December 10th.

Ron Romeo reported that the indoor flying hours at the Ridgewood Recreation Center had been changed. Our group is now scheduled for Thursdays from 11 AM until 1 PM.

There was some discussion about alternate flying sites. Someone suggested the unlighted soccer fields and the control line circles at Samuell Hobby Park on Northwest Highway. Ron agreed to talk with someone at Ridgewood to find out who to contact at Samuell.

In connection with DEAF-25, Warren Bean reported that he would wait until January to check on the availability of the Seagoville Recreation Center for indoor flying. He was told that Seagoville would have a new manager at that time.

Frank Korman agreed to work up a letter to be sent to various members of the R/C industry to solicit donations for the DEAF-25 raffle/door prizes, etc.

The meeting was adjourned at 11:00 AM.

Ralph Snow
DEAF Secretary/Treasurer
