

## May 2008 Meeting Minutes

This month's meeting was held May 10th at the Eastfield Community College flying field in Mesquite. There were 10 members in attendance.

Ralph Snow reported \$4237.60 in the club treasury as of May 9th.

Chris Vanderbilt reported that he had contacted the Dallas RC Club and was assured that the last weekend of September is OK for the annual Fly-In. Chris agreed to talk with them about their policy regarding touch-and-go landings. Last year they were not permitted. DEAF would like to allow pilots to touch-and-go provided they have a spotter assigned.

Chris will also check with the Boy Scout troop to make sure that they will be able to supply the food again this year, and he will talk to Greg Judy about trophies.

It was suggested that we might be able to attract some of the vendors who attend the BEST (Best Electrics in Southeast Texas) event in October, since our two events are only a week apart. Chris will undertake to obtain a list of vendors who are expected at the BEST event.

The members present voted to again have the club meeting at Eastfield in July.

The meeting adjourned at 10:30 AM.

Ralph Snow, Secretary/Treasurer
