

March Meeting Minutes

The March meeting was held March 17, 2005 at Samuell Grand Recreation Center. There were 9 in attendance, including visitors Steve Davison and Jerry Terhune.

Ralph Snow reported \$4292.15 in the club treasury as of March 16. This was after sending \$90 to AMA to renew the club charter and insurance for the Eastfield flying site. Ralph had discussed with a representative of the soaring club the possibility of our two clubs forming an AMA Chapter so that one insurance certificate would cover both clubs use of the site. However the soaring club at their last meeting voted not to enter into such an arrangement. It is expected that DEAF will form a Chapter with the DFW Indoor RC Club [Bob Wilder's group] for joint use of the Lancaster facility.

It was decided to schedule the November indoor flying session at Lancaster for either the 5th or the 19th. The second Saturday of November would conflict with the Southwestern Aeromodelling Conference, which is scheduled for the 11th and 12th at the Fort Worth Convention Center. Ralph will contact the Lancaster Recreation Center to schedule the flying session, with the 5th being the preferred date.

It was announced that the next Lockheed Martin indoor flying session will be on Friday night, March 25. It was also emphasized that the next club meeting will not be until May, since the club is now on a bi-monthly schedule.

The meeting concluded with a show-and-tell and a very spirited exchange of ideas and information.

The meeting adjourned at 9:00 PM.

Ralph Snow, Secretary/Treasurer
