

May Meeting Minutes

The May meeting was held May 19, 2005 at Samuel Grand Recreation Center. There were 10 in attendance.

Ralph Snow reported \$4288.08 in the club treasury as of May 18. It was reported that the charter for the Lancaster Electric Aircraft Fliers chapter, made up of the DEAF club and the Lancaster indoor club had been received from AMA, and that Larry Embry of the Lancaster group will be sending us their share of the cost [\$35]. Ralph will proceed with scheduling a Saturday indoor flying session at Lancaster for November, as decided at the March meeting.

The suggestion was made that the club donate a brick in the AMA Walk Of Fame with Randy Randolph's name on it. It was decided that the club would either donate a \$100 [black lettering] brick or join with the Dallas RC Club in donating a \$500 [gold lettering] brick. Ralph will contact the Dallas RC Club president to see if they are interested. It was also suggested that DEAF might give a special award at the October Fly-In in memory of Randy. Another suggestion was that the club acquire some of the books that Randy authored to be given as prizes. Ralph agreed to look into the availability of Randy's publications.

A question was raised as to the possibility of varying the club meeting locations. Bruce McLaren agreed to talk to Mike of Mike's Hobbies about having the September meeting there.

Another subject of discussion was tightening of the rules for flying at the October event. It seems that the host club has been concerned with the way we have used the Seagoville field in the past. One possible new rule might be that all models must be flown from the runway pilot stations or from the area east of the runway. Another suggestion was the designation of one end of the runway and it's airspace for helicopter and 3-D flying. No decisions were made at this meeting.

The meeting adjourned at 9:00 PM.

Ralph Snow, Secretary/Treasurer
